

May 22, 2023

Dear Clients and Friends,

We are very pleased to announce that Cornerstone CPA Group will be joining Insight Accounting Group effective July 1, 2023.

Cornerstone CPA Group has been serving Elkhart County and the local area for over eight years. They bring additional depth of experience in tax, accounting, and management advisory services to the Insight team. Cornerstones' partner group includes Bruce Beyler, Ann McCuiston, and Leanne McKee. We look forward to working with Bruce, Ann, and Leanne along with their entire group of talented team members and are excited for our teams and cultures to come together this summer.

We decided to take this step because we identified our firms both have similar core values and mission statements. We each have deep connections in our local communities and serve a similar client base with the same high standards of service. Our goal in this alliance is to combine our best practices while expanding our service offerings and knowledge base. This will allow us to contribute to the further success of our clients and advancement of our team members. This will also provide us with the ability to increase our footprint as we will keep all three current locations including the current Insight Goshen and Mishawaka offices as well as the Cornerstone location at 3160 Windsor Court, Elkhart.

What this means to you as our client is that Insight will have even more of the same talent, knowledge, resources, and technical skills to serve you in the same manner you have come to depend on. We will offer the same services and you will continue to work with the same team members in our combined organization as all current team members are being retained in their current roles.

You can find more information about our plans at our website [www.iag.cpa](http://www.iag.cpa) – see link titled “Insight Cornerstone Merger” which includes information about both firms, our service offerings as well as introductions to the combined Insight and Cornerstone teams.

Please join us in welcoming the Cornerstone CPA Group to the Insight family. Thank you for your past and continued support of our firm and our community.

Sincerely,

Corbin Miller
